

# Smart Writing Assistant with Review Logic and Built-in Templates

Your AI Knowledge Agent that Makes Your Life Easier.

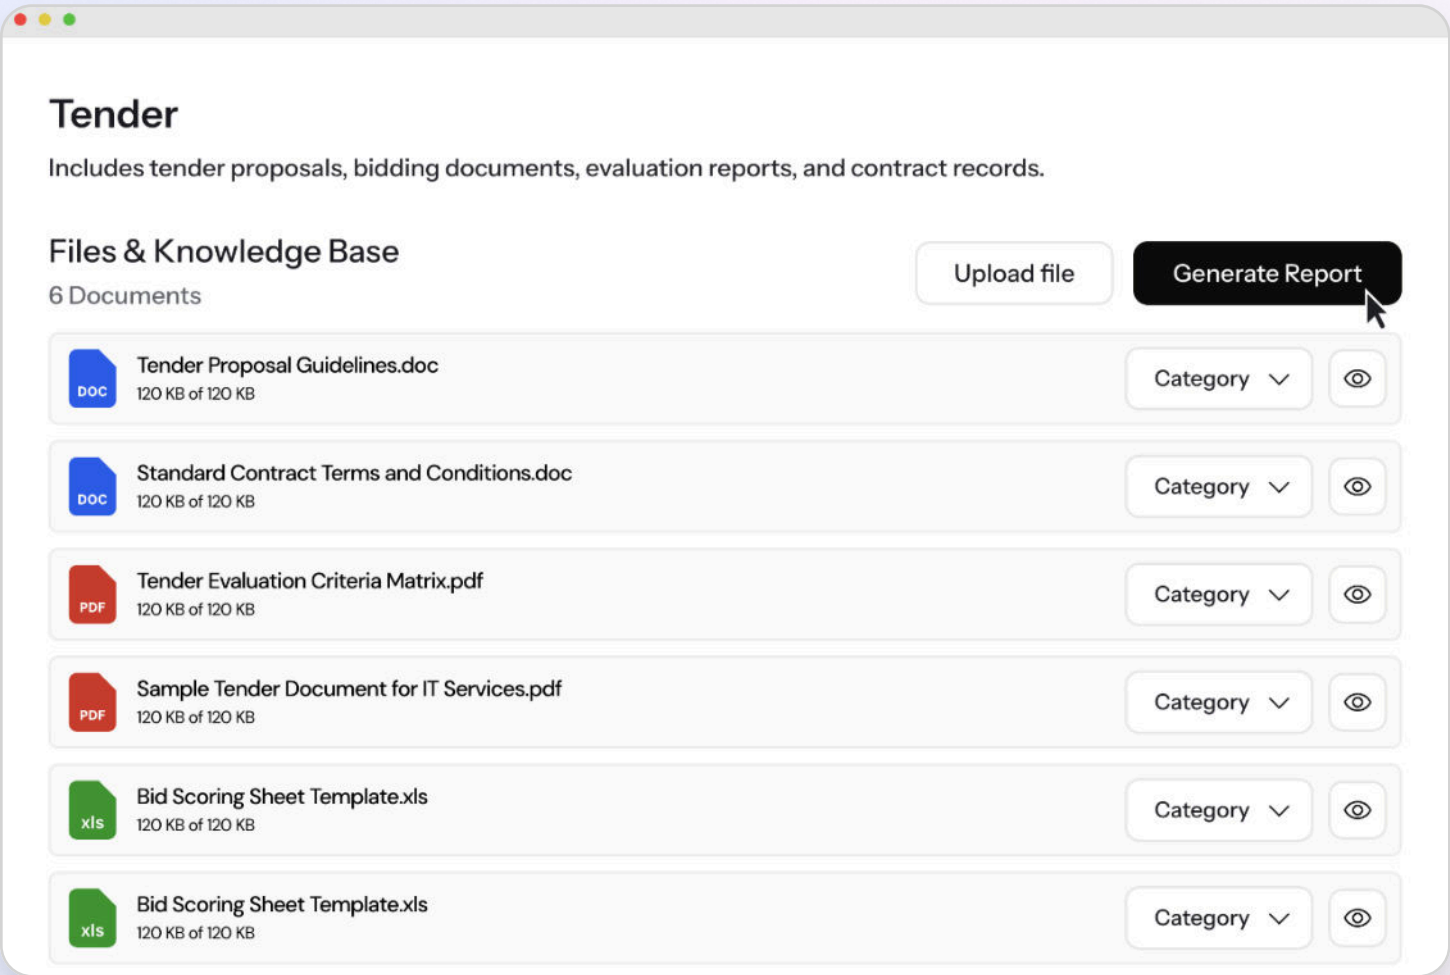

# Introduction: What is Smart Writing Assistant with Review Logic and Built-in Templates?

- Instantly generates **government reports and actionable insights** from uploaded documents in a secure knowledge base
- Provides **a wide range of report templates**, including tender summaries, timelines, policy briefs, project management documents, and public consultation summaries
- Offers **AI-suggested, pre-set prompts and standard templates** tailored to government requirements
- Allows users to **edit, customize, and review** generated content directly within the platform for accuracy and compliance

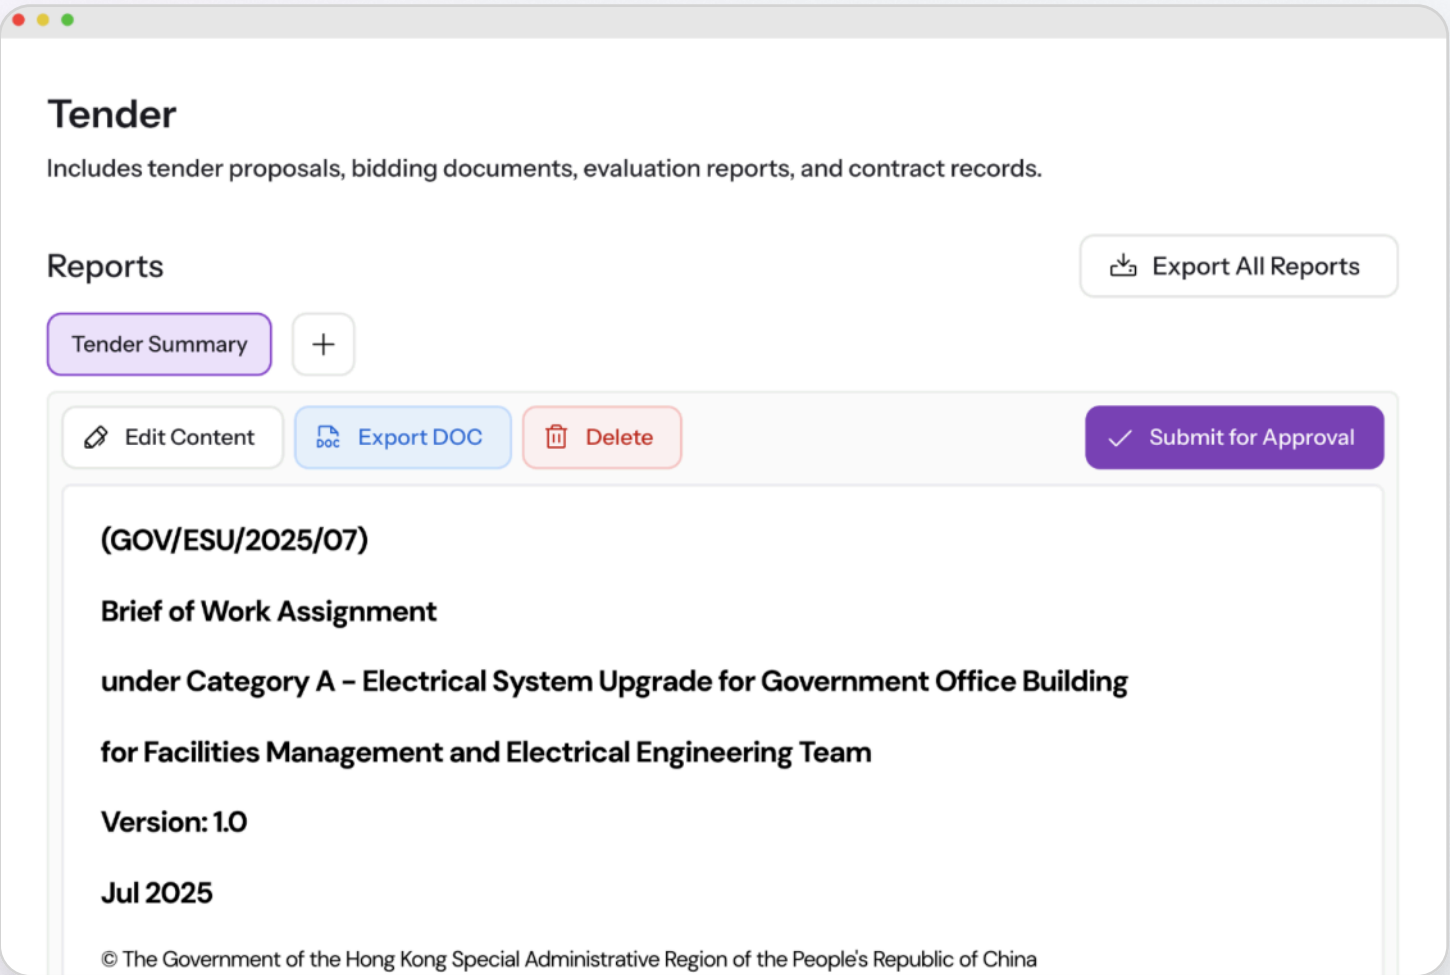

# Key Features: How it Works?

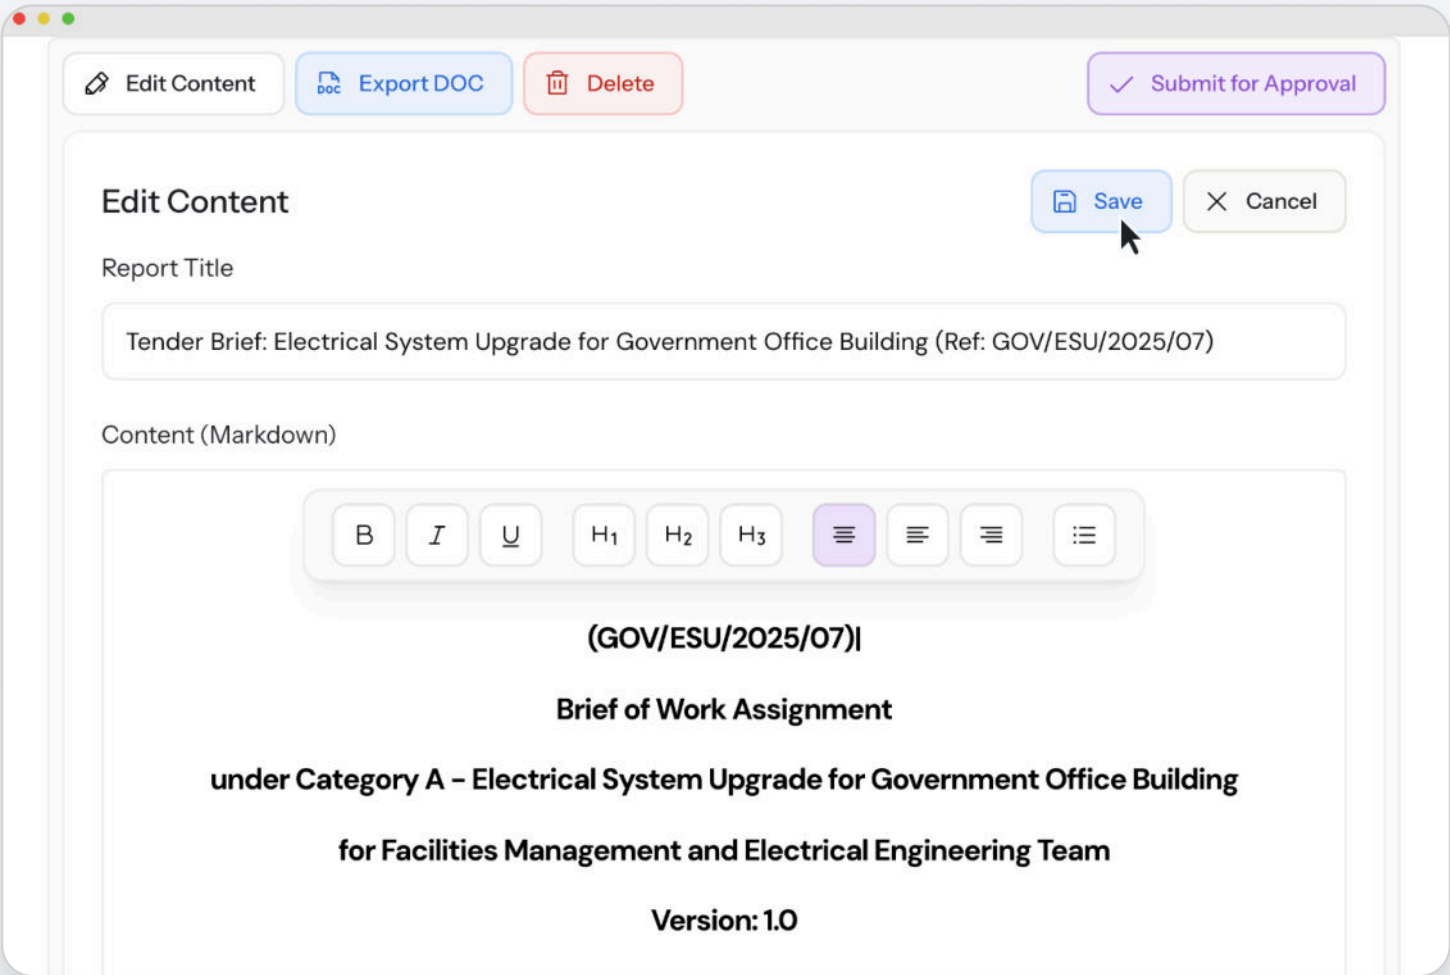

## Step 1: Upload & Analyze

- Upload official documents (e.g. tender briefs) into a secure, project-based knowledge base
- Alluvia quickly analyzes and organizes content for easy access

## Step 2: Generate & Customize

- Select from various report types and use AI-suggested prompts and templates to generate drafts (e.g. Brief of Work Assignment, policy briefs, timelines, visual charts)
- Edit and refine content directly within the platform to meet specific needs

## Step 3: Review & Finalize

- Use built-in AI review logic to check for inconsistencies, typos, and grammatical errors
- Ensure every document adheres to government standards before exporting or sharing

# Benefits: Why Choose Us?

## Streamlines Report Generation

- Automates drafting and formatting, saving time on repetitive tasks

## Supports Diverse Reporting Needs

- Handles multiple report types and project folders for various departments

## Ensures Compliance and Consistency

- Adheres to official templates and checks for errors or inconsistencies

## Empowers Customization and Collaboration

- Enables easy editing, review, and teamwork within a secure platform
