About The Company

- **Award-Winning** Company with **10+** years industry experience
- Trusted Proprietary Document AI solutions that **HK Government is using**
- **IDEAS:** AI-powered Patented Document Automated AI System

Awards:

About the Founder - Billy Hui

- Doctoral Researcher in Gen AI (GGU)
- Have more than **17 years exp.** in managing and building complex systems and AI solutions for governments & enterprises
- Solid international experience in **UBS, DB and Morgan Stanley**
- Document Extraction AI and the Company is certificated with **ISO 9001, ISO 27001 and ISO 42001.**

Next-generation fully automated patented technology

Document processing AI system

- ✓ Autoscan docs to Excel, API, Database
- ✓ Proprietary Accuracy: >99.5%
- ✓ Fine-tune AI for wide range of cases
- ✓ Support Post-Processing and Analysis

Support All formats

Our Patent-Proprietary Technology

Strategic Advisory Board:

Prof. Chang Ming-Yuen

- Professor in Information Eng. (CUHK)
- PhD in Engineering at Cambridge University.
- Specialized in character recognition & scientific visualization

Prof. Rosanna Chan

- Professor in Information Eng. (CUHK)
- PhD in CUHK
- Specialized in system efficiency and learning sciences
- Founding Chair of IEEE Education Society

Research Partner:

香港大學

THE UNIVERSITY OF HONG KONG

The Chinese University of Hong Kong

THE HONG KONG POLYTECHNIC UNIVERSITY

Business Partner:

中国移动
China Mobile

Part of our Reference Projects

Clients	Project Period	Project Name	Technical Competency
 <p>香港消防處 FIRE SERVICES DEPARTMENT</p>	March 2025 - Nov 2025	AI Automation for Certificate of Annual Inspection	Fine-tune Document AI to automatically handle the application from 200,000 building's annual inspection certificate and management portal
 <p>香港警務處</p>	Sept 2023 - March 2024	Interactive AI Kiosk for Inspection Training	Fine-tune a generative AI with TTS and ASR for professional course in Police College and generate AI-based assessment reports.
 <p>WICKFIELD INSURANCE BROKERS LTD.</p>	Oct 2025 - Onward	Insurance Contract Analysis Portal	Extract insurance terms and produce brokerage format for streamline the insurance broker's operations - potential coverage for 800 broker firms in Hong Kong.
 <p>ASIAEURO INTERNATIONAL BEVERAGE</p>	Sept 2025 - Onward	Receipt Analysis and Market Report	Extract receipts and render on management portal with reporting system. Handle the multiple sources of receipts from Duty-Free Stores in HK and China.
 <p>香港消防處 FIRE SERVICES DEPARTMENT 香港特別行政區政府 食物環境衛生署</p>	Dec 2025 - Onward	AI Automation fo Food Premises Licensing Renewal Portal	Fine-tune Document AI to automatically handle Food Premises' application for 17,000 Licensing Renewal and management portal for 3 FSD's centers

Processing Documents for Employee Onboarding & Internal Audit

AI Analysis

Example:
Any Bank Stats

The image displays two screenshots of a bank statement from Bank of China (Hong Kong). The left screenshot shows the 'Financial Summary' (財務摘要) and 'Asset Allocation Analysis' (資產總值分析) sections. The right screenshot shows the 'Account Overview' (賬戶概覽) section. Both screenshots include a QR code and contact information for the bank.

簡短總評

- 首次造訪香港熱門點心餐廳，體驗非常棒。
- 食物美味，環境舒適，服務熱情有禮。
- 入口有員工主動問好，留下良好第一印象。
- 服務員引導入座，態度親切細心。
- 第一次吃點心，尚不熟悉菜單，需協助點餐。

★ 總評：4.8 / 5 星（接近完美，僅因不熟悉點心種類略顯小缺憾）

Junhan Huang
Email: acd18848@outlook.com Mobile: (+852)84956153 GitHub: github.com/Hjhh1201

Education Background

Chinese University of Hong Kong
MSc in Robotics Sep 2025 - Present

University of Nottingham
BSc Honours in Computer Science (Second Class, Division One) Sep 2021 - July 2025

Projects & Experience

Smart Clinic Management System Developer, June 2025 - July 2025
IBM Java Development Capstone Project (certificate number: EZPQVDND8PPL)

- Developed full stack Spring Boot web application; available on personal GitHub platform.
- Used both MVC and REST controllers which interact with MySQL and MongoDB databases.

Quantum Game Development utilizing Unreal Engine Developer, Sep 2023 - June 2024
University of Nottingham UK - Software Engineering Group Project

- Developed a Quantum Arkanoid game with team members using Scrum for agile project development; now available on my personal GitHub platform.
- As a core developer, mainly responsible for the implementation of key objects and quantum features in the game, contributing significant technical innovations.
- Developed the Qubit component in C++ using Visual Studio and integrated it with the blueprint functionality in the Unreal Engine to optimise game performance.

Factory Safety Monitoring and Alarm System Contributor, Jun 2023 - Sep 2023
University of Nottingham Ningbo China - Summer Research

- Trained YOLOv5-based danger detection model with PyTorch through Google Cloud Drive and Google Colab.
- Developed a real-time monitoring web platform using Flask; improved detection performance via dataset tuning.

Campus Activities

Nottingham Debate Union China Senior Advisor, Sep 2022 - Jun 2023

- Participated in British Parliamentary Debate; improved logic and cross-cultural communication ability.
- Organized debate events and coordinated team logistics.

Awards

- Zhejiang Provincial Government Scholarship (2024)
- Academic Excellence Scholarships: 2024-25 Dean's Scholarship (6000 RMB), 2023-24 Provost's Scholarship (10000 RMB), 2022-23 Dean's Scholarship (6000 RMB)

Technical Skills

Programming: Java, Python, C++, C, SQL
Frontend: HTML5, CSS3, Javascript, React.js
Backend: Spring Boot, Spring Data JPA, Hibernate, MySQL, Restful API
Tools: Maven, Git, Docker, Figma, Microsoft Office, VirtualBox, Generative AI
Languages: Mandarin (Native), English (Fluent; TOEFL iBT: 98, GRE: 325+3.0), Cantonese (Conversational)

Extracted Key Information

Key Information	Value
Candidate	Junhan Huang
Education	MSc in Robotics - Chinese University of Hong Kong
Experience No. 1	Smart Clinic Management System June 2025 - July 2025 IBM Java Development Capstone Project
Experience No. 2	Quantum Game Development utilizing Unreal Engine Sept 2023 - June 2024
Awards	Zhejiang Provincial Government Scholarship (2024)
Technical Skills	Programming: Java, Python, C++, C, SQL Backend: Spring Boot, Spring Data JPA, Hibernate, MySQL, Restful API

Candidate Score: 82%

Comments:

Positive: Strong programming match with Python (used in YOLOv5 training) and Java (Spring Boot full-stack project), plus C++ experience, covering the preferred languages well.

Positive: Relevant AI/ML hands-on experience through training computer vision models (YOLOv5 with PyTorch) and building real-time web platforms (Flask), directly applicable to AI model development and system integration tasks.

Positive: Current MSc in Robotics at CUHK and prior BSc in Computer Science provide a solid academic foundation in AI-related fields, with demonstrated project development and teamwork skills.

Interview Chance: YES

SUMMARY
A results-driven Data Analyst with proven ability in operationalizing AI initiatives and driving impactful business solutions. At Tencent, developed scalable data architectures to enhance retraining efficiency of machine learning models by 25%, improving workflow efficiency and data integrity for AI-driven projects and enhanced project on-time delivery by 20%. Possessing a Master's in AI, PMP certification, and expertise in Python, SQL, and MLOps principles. I am eager to apply advanced data analytics to generate significant business growth.

我和我最後的倔強
握緊雙手絕對不放
下一站是不是天堂
就算失望不能絕望
愛我的人別緊張
我的固執很善良

Just a few months ago, a brand-new Chinese restaurant Dim Sum One was on its first exposure to the public. Located in Central, Dim Sum One has attracted a vast amount of Chinese- food lovers and received an overall positive comment. I am glad I got the chance to give it a try, and here. Is my review!

Food

Being a new Chinese restaurant, Dim Sum One targets on providing high quality traditional food Dim Sum. Just like what its owner Peter Wong said, "within ten years we will be the

experience or who are not trained in handling borrowed, items must NOT be hired. And, Costs for the delivery and return of the item will be paid for by the museum. This is the reply, if you have any questions, welcome to request. Then, I would like to ask you that if we want to pat a photo of it on our new museum postens? yours sincerely
AndyWong
